

LAKOS Twist II Clean Filters

TWISTIICLEAN is an easy to use sediment filter for home use. It can remove sand, sediment, and organics from the incoming water supply.

Patented Reverse Flushing Action. When the Handle is turned, three events take place:

- 1. Flow direction is changed to inside out.**
- 2. The filter element is lifted to open the bottom flush port.**
- 3. An inside-out backwash occurs, and the filter element is cleaned.**

- No Disassembly to clean
- Filter element flushes completely clean in less than 20 seconds
- Easy maintenance by homeowner – requires no tools, no fuss
- No need to turn off water to clean (eliminates air in system)
- Rugged design installs indoors or outdoors
- Stainless steel filter element lasts for years
- 1 year warranty
- Pressure rating: 100 PSI
- Maximum Operating Temp: 120° F
- For added durability: Glass-filled polypropylene/acrylic construction
- Upper Seal: EPDM Lower Seal: Viton
- 3/4", 1", 1 1/2" Male NPT or 2" flanged connections
- We stock 1", 1 1/2", and 2" with 100 mesh element.
- 30, 60, and 140 mesh sizes are FOB Factory.
