

Norwesco “Black” Polyethylene Water Tanks

Norwesco Black Water Tanks are manufactured using resins that meet FDA specifications to ensure safe storage of potable water. The black color limits light penetration, which reduces the growth of waterborne algae. These tanks are rated at 8 pounds per gallon, which means that they are for WATER STORAGE ONLY! They should not be used for chemicals, fertilizers or any other products. For above ground use only. Do not bury.

Norwesco Polyethylene Tanks (Black)								
Product Number	Capacity (gal)	Height (in)	Diameter (in)	Manhole Size (in)	Inlet NPT (in)	Drain NPT (in)	Approx. Weight (lbs)	Norwesco Number
