

Sewage Basin Accessories

Uniseal Pipe Grommets				
Product Number	NPT Pipe Size	Pipe Type	Hole Saw Size (in)	Approx. Wt. (lbs)
PGR012	1-1/4	SCH 40/80	2	<1
PGR015	1-1/2	SCH 40/81	2-1/2	<1
PGR020	2	SCH 40/82	3	<1
GPR030	3	SCH 40/83	4	<1
GPR040	4	SCH 40/84	5	<1
PGR04035	4	SDR35	5	<1

UNISEAL Pipe Grommets

Pipe grommets are used to seal around pipe entering the sewage basin.

Discharge Couplings
Bolt-On, Threaded, Curved, Stainless Steel

These couplings allow for a duplex pump discharge through the side of the sewage basin.

Bolt On, Curved Discharge Couplings			
Product Number	NPT Pipe Size	Material	Approx. Wt. (lbs)
BOC150PSS	1-1/2	Stainless Steel	2
BOC200PSS	2		3
BOC300PSS	3		6
BOC400PSS	4		8

Electrical Junction Boxes

Junction boxes allow for electrical connections to be made within the sewage basin.

Junction Boxes					
Product Number	Style	No. of 1/2" Cord Grips	Bolt on Coupling Size NPT	Size H X L X D (in)	Approx. Weight (lbs)
JB661	Simplex	3	1-1/2	6x6x4	4
JB662	Simplex	4	1-1/2	6x6x5	4
JB663	Duplex	5	1-1/2	6x6x6	4
1/2" Cord grips fit 0.236"-0.472" cords.					
Junction boxes come with steel bolt on couplings.					

Stainless Steel Float Brackets

Float Brackets allow for the suspension of the control floats in the sewage basin. The brackets include compression cord grips.

Stainless Float Brackets		
Product Number	No. of Float Grips	Approx. Weight (lbs)
FLTBKT3	3	1
FLTBKT4	4	2
FLTBKT6	6	3
